

Statement of Representations Procedure

International Advanced Manufacturing Park Area Action Plan (PSD1) – Main Modification Consultation

The Town and Country Planning (Local Planning) (England) Regulations 2012

The International Advanced Manufacturing Park (IAMP) Area Action Plan was submitted to the Secretary of State for Examination on 6 February 2017. The Examination hearing sessions took place in April 2017 led by Inspector Malcolm Rivett (MRTPI).

The Inspector has written to the councils to confirm that the Examination can proceed to consultation on the Main Modifications.

Main Modifications are those which the Inspector considers are necessary to make the plan sound and/or legally compliant. Main Modifications are proposed without prejudice to the Inspector's final conclusions on the IAMP Area Action Plan which will take account of all representations submitted in response to this consultation. The Inspector will consider all representations made upon the Main Modifications.

Representations should be made regarding legal compliance and soundness only. This is not an opportunity to raise again matters relating to other parts of the submitted Plan that have already been considered by the Inspector during the examination. The Inspector will only consider representations from this consultation which relate to the Main Modifications.

The following documents are available for consultation:

- Schedule of Main Modifications
- Sustainability Appraisal on Main Modifications

Where you can view the IAMP Area Action Plan Documents

The consultation documents will be available for inspection throughout the consultation period on the councils' shared website examination page www.sunderland.gov.uk/iampeip and at all libraries in South Tyneside and Sunderland. Copies of the consultation documents are also provided for public view at Sunderland Civic Centre and South Shields Town Hall & Civic Offices at the addresses below:
