

Principal Changes

1. Following public and councilor consultation for the upgrade of the existing zebra crossing to the east, options were looked at for upgrading this crossing location from uncontrolled to controlled.
2. Speed survey information indicated an issue with speeding of vehicles prior to the commencement of the 40mph zone.
3. The proposals include staggered signal controlled crossing between Grindon Lane and the bus stop on the northern side of Chester Road.
4. Central reservation to be built-out, and lane widths on the A183 to be reduced, in order to increase the width available for pedestrians in the congregation area.
5. Proposals similar to that of the past Springwell Road Barnes Park Toucan crossing improvement.

Key

- Existing Flexible Road Surfacing
- Existing Flexible Footway
- Existing Stone Flag Footway
- Proposed Footway Construction
- Proposed Tactile Paving
- Proposed Verge and Topsoiling
- Existing Road Markings
- Proposed Road Markings
