

## LAPPC Permit Application Form

Local Authority Pollution Prevention and Control

**Pollution Prevention and Control Act, 1999  
Environmental Permitting (England and Wales) Regulations 2016.**

### **When to use this form**

If you are sending an application to a Local Authority under the Environmental Permitting (England and Wales) Regulations 2016 and the installation requires an air pollution control permit (known as "Part B" installations).

### **Before you fill in this form**

Do please read relevant parts of the Defra general guidance manual. Chapter 4 is about making an application, Chapter 7 is about how permits are decided, and Chapter 12 gives the meaning of Best Available Techniques (BAT). Other chapters introduce the Regulations and give information about various issues.

You also need to read the relevant process guidance note to see what standards and requirements are likely to be expected of your installation.

### **Pre-application discussions**

It is usually sensible to talk to one of our pollution control officers before you complete and submit the application. Contact Pollution Control on 0191 520 5555 [Public.Health@sunderland.gov.uk](mailto:Public.Health@sunderland.gov.uk)

### **Which parts of the form to fill in**

Please fill in as much of it as possible and enclose the appropriate fee. Then send it to:

Sunderland City Council  
Regulatory Services and Public Protection  
Environment Health  
City Hall  
Plater Way  
Sunderland  
SR1 3AA

### **Other documents you may need to submit**

You will need to send us various other documents. The application form tells you which ones. It will be simplest for all concerned if you give a reference number for each document and record it on both this form and on the document itself. Please use any existing documents where you can and they are suitable.

### **Using continuation sheets**

Feel free to use a continuation sheet, but you need to clearly identify where you have done so.

### **Copies - *not relevant for e-applications***

If you are submitting a paper application, please send the original of the form and all other supporting material, for consultation purposes.

Send it, plus the omitted information, to the Secretary of State or Welsh Ministers who will decide what, if anything, can be made public.)

Doc reference NA

### **F2 Please note: data protection**

The information you give will be used by the Council to process your application. It will be placed on the relevant public register and used to monitor compliance with the permit conditions. We may also use and or disclose any of the information you give us in order to:

- consult with the public, public bodies and other organisations,
- carry out statistical analysis, research and development on environmental issues,
- provide public register information to enquirers,

- make sure you keep to the conditions of your permit and deal with any matters relating to your permit,
- investigate possible breaches of environmental law and take any resulting action,
- prevent breaches of environmental law,
- offer you documents or services relating to environmental matters,
- respond to requests for information under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004 (if the Data Protection Act allows),
- assess customer service satisfaction and improve our service.

We may pass on the information to agents/representatives who we ask to do any of these things on our behalf.

**F3 Please note: it is an offence to provide false etc information**

It is an offence under regulation 38 of the EP Regulations, for the purpose of obtaining a permit (for yourself or anyone else), to:

- make a false statement which you know to be false or misleading in a material particular,
- recklessly make a statement which is false or misleading in a material particular,
- intentionally to make a false entry in any record required to be kept under any environmental permit condition,
