Explanatory Notes

Charitable or Mandatory Rate Relief

Mandatory or Charitable Rate Relief is applicable to an organisation which is a charity (or trustees of a charity) that occupies a non-domestic property, which is used wholly or mainly for the purposes of that charity. The relief is set at 80% of the full Business Rates charge.

To qualify for this relief the organisation would normally be a registered charity, so when you make your application please ensure that you quote your registration number, or clearly state the reasons why you have chosen not to register. The council also has the discretion to remit all or part of the remaining 20% of a charity's bill.

This discretionary power also allows the council to remit all or part of any rate bill for property occupied by certain bodies not established or conducted for profit. In addition to applying for Charitable Rate Relief you may also wish to complete a form for Discretionary Rate Relief. Please contact the Business Rates Section on 0191 561 1850 to request a form.
